Greater Essex example of school comms for: Existing Employers

Dear [Employer Name],

I hope you are well.

Thank you for the support you have already given to our students. Your involvement has helped our students gain valuable insight into your industry and consider future career opportunities.

As part of Modern Work Experience, [INSERT SCHOOL] is looking for employers to help provide young people with meaningful experiences of the workplace throughout their secondary education.

A traditional 10-day placement is still valuable, but we know that's not always possible. That's why we're offering more flexible ways to get involved. Could you host a student for a day, welcome a small group for a half-day workplace visit, set a project challenge, or give students the chance to meet members of your team?

A small amount of your time can make a lasting difference to a young person's future.

By supporting Modern Work Experience, your organisation can:

- Inspire and motivate the next generation of talent
- Help young people develop workplace skills and confidence
- Strengthen your future talent pipeline
- Showcase your industry, organisation and career opportunities
- Provide rewarding development opportunities for your staff
- Support your community and contribute to social value objectives
- Build stronger links with local schools and education providers

Working alongside the Greater Essex Careers Hub, we are keen to create opportunities that work for your business while giving students valuable insight into the world of work.

We would welcome the opportunity to discuss how your business could get involved in a way that is flexible, meaningful and manageable for your team.

Thank you for your continued support in helping young people develop the skills, confidence and aspirations they need for their future careers.
